BIGG Tip - Get Your Creative Juices Flowing - We tend to think either rationally or intuitively. Rational thinkers rely on past experiences to logically arrive at a solution. Intuitive thinkers ignore past experiences and rely on gut instinct to find a solution. Researchers found people were most creative when they used the opposite thinking mode. When it comes to thinking creatively - doing what you usually don't leads to BIGG success! Get more tips from BIGG Success [here](#).

We can help with your Professional Recruitment and/or Short- or Long-Term Rental Needs - Vermilion Advantage can help with your professional recruitment needs, even though we have temporarily discontinued tours due to COVID-19. In place of personal tours, we do have information about the area that can be emailed to those coming interested in learning more about our community, and/or would be happy to talk at length by telephone. We can also help your current or new employees with rental referrals - we keep a word-of-mouth

list of available home and apartment rentals, also including some furnished short-term corporate rentals that the public may not be aware of through other channels. In addition, if you have professional rental properties come available, make sure Machelles has your property on her list! Call Machelles at 217-442-6201 or email her at mdykes@vermilionadvantage.com if you need assistance.
