

DP Supply, Inc. is a “bricks and mortar” family-owned business rooted in the Danville, Illinois community since 1918. DP Supply, Inc. specializes in the business-to-business trade of cleaning supplies and food service disposables. We operate from our 60,000 sq. ft. warehouse supplying janitorial products, cleaning supplies, equipment and support to industry, institutions, schools, churches, businesses and healthcare providers. We proudly offer quality products from top-name manufacturers that make your facility cleaner, healthier and safer.

Ready-to-Use Disinfectants & Sanitizers

Our RTU disinfectants and sanitizers from manufacturers like EnviroX help reduce pathogens in your facility and are effective against coronavirus. These are ideal disinfectants and sanitizers for use in hospitals, nursing homes, schools, hotels and other public spaces.

Hand Sanitizers

Hand sanitizer can help rid your hands of pathogens and germs when water and soap aren't available. These hand sanitizers from Sani-Kure are made right here in Illinois by a small family-owned manufacturer, US Colors & Coatings, Inc., who has been here for over 30 years!

Face Masks

We have blue surgical face masks available in packs of 10 and boxes of 50. The Illinois Department of Public Health recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain, like in pharmacies or grocery stores. Wearing a mask protects our community!

Cleaning Supplies

Today more than ever before, facilities depend on custodians to maintain safe, healthy spaces for customers and employees. We have everything you need to make your space shine from top to bottom, including cleaning chemicals, tools, floor cleaning equipment and more from the best manufacturers in the industry.

Toilet Paper and Tissue Products

Our inventory of toilet paper and tissue products includes eco-friendly options made from recycled materials, high-density rolls and toilet papers designed to reduce waste while delivering value and performance.
