BIGG Tip - How to Weather Financial Climate Change. Financial markets change like the weather: (1) Asset prices heat up and cool down - Invest in a variety of assets for less volatility overall. (2) Price movements can be extreme - Invest in less risky assets if you'll need the money in ten years or less. (3) Watch your emissions - Spending is more controllable than earning. Community tours are back in action! We can help with your Professional Recruitment and/or Short- or Long-Term Rental Needs - Vermilion Advantage can help our members with professional recruitment by taking your new employees or employment candidates on a (free) Community Tour. We can also help your current or new employees with rental referrals - we keep a word-of-mouth list of available home and apartment rentals, also including some furnished short-term corporate rentals, that the public may not be aware of through other channels. In addition, we have some lovely extended-stay hotel suite options. And, if you have professional rental properties coming available, make sure Mabelle has your property on her list! Questions? Call Mabelle at 217-442-6201 or email her at mdykes@vermilionadvantage.com.
