BIGG Tip - Sometimes It Pays to Procrastinate. For example: You're upset about something somebody said or did. You want to fire back. But in the heat of the moment, you may say the wrong thing. Or you may say the right thing in the wrong way. How can you prevent this? Procrastinate! Get away for a while. Take a break. Calm down. Think through your response so you can have a conversation, not a confrontation. It leads to BIGG success! Get more tips from BIGG Success [here](#).

We can also help your current or new employees with rental referrals - we keep a word-of-mouth list of available home and apartment rentals, also including some furnished short-term corporate rentals, that the public may not be aware of through other channels. In addition, we have some lovely extended-stay hotel suite options. And, if you have professional rental properties coming available, make sure Machel has your property on her list! Questions?
