

In today's world, connections are everything. This survey is step one to connecting ALL citizens of Vermilion County to a reliable, speedy, affordable broadband connection. The Broadband Breakthrough Initiative seeks to make this connection available to all homes, businesses, students, farmers, and more, throughout the entire county – not just larger cities or along main roads. With your help, we can take a huge step towards that goal.

Please take a few minutes to complete this survey to the best of your ability. We will protect your information. The Broadband Breakthrough Initiative is the cooperative effort of Vermilion Advantage, Danville Area Community College, Vermilion County Farm Bureau, and Vermilion County Government.

Thank you!
